

Culture Change Champion Master Class

Professional and Personal Development To Become an Internal Culture Change Consultant

Led by Dr. Steven Simon, Ph.D., creator of the CCC Safety Culture Change Methodology, this one-of-a-kind Master Class is designed to advance new and/or experienced culture change champions in the art and science of consulting to achieve safety culture change. Going beyond academic study alone, participants will work directly on real issues in their own organizations.

This is an educational process that integrates strategic leadership, change management, and personal and professional growth. Master Class sessions will provide a consulting framework for addressing roadblocks that Guidance and Grassroots Teams encounter, and to lead your organization on its safety culture journey.

All sessions incorporate 4 perspectives into an overall Action Learning framework:

- ✓ Personal Growth
- ✓ Professional Development
- ✓ Skill Development
- ✓ Culture Change Fieldwork Project

WHO SHOULD ATTEND

Experienced, internal professionals who are interested in further developing their knowledge about the safety culture change process, skills as a professional, a leader, and a consultant. They are Process Champions who:

- Play a key role in the safety culture improvement journey.
- Are the endpoints within their organization for all questions related to keeping the safety culture change process on track.
- Have the ability to positively influence others to come on board.
